Blockchain Building Tools

Our Mission

ChainFactory is dedicated to democratizing access to blockchain technology. We're removing the barriers to entry by delivering powerful no-code tools for token and dApp creation, so anyone—regardless of technical expertise—can launch, manage, and grow blockchain projects.

The Problem

Complexity Blocks Innovation

Blockchain development has traditionally been complex, technical, and expensive, limiting access to skilled developers.

Many aspiring builders face barriers, including high costs, security concerns, and steep learning curves.

Our Solution

ChainFactory's no-code platforms empower individuals to launch, customize, and manage tokens and dApps without needing technical knowledge, dramatically reducing costs and time.

Our Products

- **The Token Forge** (No-Code Custom Token builder with highly advanced features)
- **dApp Constructor** (EVM Staking dApp builder)
- **Multi-Signature Wallet Builder** (EVM only)
- **ApeFactory** (Introducing our Flagship Meme Token Launchpad)

Introducing

Ape Factory
built by  Chain
Factory

A black silhouette of an ape is positioned on the right side of the slide, partially overlapping the 'Ape Factory' text. The ape is facing left, with its right hand raised towards its face.

Our Flagship Product

ApeFactory is the first in a series of no-code launchpads for meme tokens, designed with simplicity, flexibility, and accessibility in mind.

ApeFactory Features

Free to Deploy:

Launch tokens for just cents on popular EVM chains.

A.I. Logo Generation:

Instantly create custom logos for your token.

Integrated Transaction Tax:

Easily apply 1-5% transaction taxes for revenue.

Customizable Tokenomics:

Max balance limits, bonding curve trading, and more—all at zero cost.

Referral Bonuses:

Earn through referral links and unlock native token bonuses as your project grows.

Expanding the 'Factory'

Following the success of ApeFactory, TONFactory is our next launchpad iteration, exclusively designed for The Open Network (TON) blockchain. TONFactory will offer all the same EVM functionality that ApeFactory brings, truly one of a kind.

Market Opportunity

Capturing the No-Code Wave in Blockchain

The demand for accessible, no-code blockchain tools is rising, with creators, marketers, and entrepreneurs seeking solutions that bypass technical barriers.

Projected Market Growth

Meme tokens and tokenization as a whole is a rapidly growing space, as users increasingly seek brand-able and trade-able assets. As blockchain adoption grows, no-code platforms will be central to engaging new audiences.
